DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR

1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Re claim 1, line 9, change the phrase "the semiconductor substrate" to --a semiconductor substrate--.

Re claim 7, line 2, change the term "transistor" to --device--.

Re claim 9, line 2, change the phrase "p-type transistor" to --p-type device--.

Re claim 9, line 2, change the phrase "n-type transistor" to --n-type device--.

Re claim 14, line 7, change the phrase "the semiconductor substrate" to --a semiconductor substrate--.

Re claim 31, line 7, change the phrase "the semiconductor substrate" to --a semiconductor substrate--.

Reasons For Allowance

2. Claims 1-17 and 31 are allowable over the prior art of record.

3. The following is an examiner's statement of reasons for allowance: the prior art of record neither teach nor make obvious the claimed limitation of the instant application as a whole as recited in claims 1, 14 and 31, respectively. In particular, the prior art does not teach or suggest the particular subset of the process steps for forming a device including an n-type device and a p-

type device by adjusting the shallow trench isolation oxide corresponding to at least one of the n-type device and the p-type device such that a thickness of the shallow trench isolation oxide adjacent to the n-type device is different from a thickness of the shallow trench isolation oxide adjacent to the p-type device or adjusting the height of the boundary such that the boundary adjacent to the n-type device is at a level which is different from a level of a height of the boundary adjacent to the p-type device; and forming a strain layer over the semiconductor substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
